uFinancial, a local provider of financial services, has recently increased its staff to over 100 financial professionals, including many women team members. This increase distinguishes uFinancial as one of the top five largest agency teams within the Massachusetts Mutual Life Insurance Company (MassMutual) network.

“More than ever, people are more uncertain about their current financial situation, and they’re turning to us for help. Our large team of financial professionals means we can help you, one on one, to make the right decisions for your unique situation,” explained Matthew Dobbie, Managing Partner of uFinancial.

The women and men of uFinancial have been serving the local community for nearly 120 years through comprehensive financial planning, and investment and insurance solutions. They are excited to bring their full range of services to a growing client base in the Exton, Harrisburg and State College regions.

“We help you protect your most important assets – your family – helping you achieve your financial goals while protecting for the unexpected,” said Dobbie.
